

The 3 Circle Model

Guidance notes:

Consider each of the three areas of your satisfaction.

- For each area, consider how much time and effort you would like to dedicate to achieving success.
- Everyone has a different ideal of what success looks like, so you need to decide what is right for you.
- The size of each circle represents the amount of time and effort you are dedicating to the area.
- In an ideal world, each circle will be the same size and you will be maximising the overlap in the middle.
- If you are not dedicating as much time and effort to one of these areas (e.g. Personal Growth), overtime you will begin to feel unfulfilled with your career.

The model will be unique to you, and although it doesn't give you the answers, it helps you to focus on which area of your career and life you want to dedicate more time and effort to.

The next steps are up to you...

For more support working on your career aspirations and next steps as a leader, take a look at our various programmes supporting Future Leaders.
